DISPATCH		CLASSIFICATION SECRET	DISPATCH SYMBOL AND NO. BOOK DISPATCH NO. 2107
TO INFO Chiefs of Certain Stations and Bases		HEADQUARTERS FILE NO.	
FROM Chief [REDACTED]		DATE 20 SEP 1960	
SUBJECT Approved Medical Facilities		RE: "43-3" — (CHECK "X" ONE)	
ACTION REQUIRED		<input checked="" type="checkbox"/> MARKED FOR INDEXING <input type="checkbox"/> NO INDEXING REQUIRED	
REFERENCE(S) [REDACTED]		INDEXING CAN BE JUDGED BY QUALIFIED HQ. DESK ONLY	
<p>1. As provided in reference, the attached revised listing of approved medical facilities is forwarded for your guidance.</p> <p>2. Experience since the issuance of reference has indicated that the attention of all concerned should be directed to the following:</p> <p>a. <u>Benefits</u></p> <p>The benefits outlined in paragraphs 2 and 3 of reference, i.e., hospitalization, travel, attendants, are available only for conditions which require in-patient hospitalization, and are not available in out-patient cases.</p> <p>b. <u>Facilities</u></p> <p>In all cases, a U.S. Government facility will be used if available and compatible with cover. When this is not possible, one of the indigenous facilities should be considered. Absence of indication on this list of an approved facility may mean that data is not currently available at Headquarters for such determination. When such is the case, or when for any reason an indicated facility cannot be used, the local Department of State post frequently can provide a list of additional facilities. Lack of indication of approval of a facility on this list therefore does not necessarily preclude payment for treatment at such facility provided there is a valid reason why an approved facility cannot be used.</p> <p>c. <u>Medical Travel</u></p> <p>(1) Prior authorization from Headquarters should be obtained for medical travel except in emergency; request for authorization should include diagnosis or probable diagnosis with other pertinent information. In emergency evacuation cases, Headquarters should be notified of action taken as soon as practicable.</p> <p>[REDACTED]</p> <p>(3) In the event of medical evacuation to [REDACTED] as indicated above, the Chief of Station, [REDACTED] or the Chief of Station, [REDACTED] (as appropriate) should be notified of the impending evacuation in order that a representative from one of those stations may render any assistance indicated.</p>
